Hanh,

Please find attached a document prepared by Shell in response to Question #2 (Environmental Monitoring Plan [EMP] Requirements) from the list of question provided to Shell by EPA back in March. The focus of the attached document is to present the issues Shell has with phases I and II of the EMP within the draft GGP.

I look forward to discussing with EPA any questions or comments on the attached, or any of the documents previously sent by Shell.

Sincerely,

Greg Horner
